Exlan™ is a non stick coating.

We have used it to coat our Topnotch™ stainless steel plates to make them an ideal cooking surface for meals, which generally may not be well suited to barbequing.

For example, this Plate allows you to cook: scrambled eggs,  
fried eggs, breakfast bacon or ham  
stir-fry vegetables, omelets, schnitzel,  
Pasta and even crumbed fish fingers for the kids .

This surface is also ideal for cooking more delicate foods like fresh fish and other sea foods.

Cleaning is a breeze !  
Wipe clean with paper towel .Dishwasher safe
